Design Contest

Rules/Requirements/Requests

This is a contest to create the design for upcoming Shire Silver medallions. We are planning on eventually issuing in 4 denominations, each in both round and rectangular form, and each with both a listed suggested FRN value reverse and a weight only version reverse. That means we may go with as many as 24 designs! The denominations are:

5 gram (.16 troy ounce) Suggested Trade Value \$5
About 7/8 in. round, 3/4 x 1 in. rectangular

10 gram (.32 troy ounce) Suggested Trade Value \$10
About 1 1/4 in. round, 1 x 1 1/2 in. rectangular

1/2 troy ounce (15.55g) Suggested Trade Value \$15
About 1 1/2 in. round, 1 1/4 x 1 3/4 in. rectangular

1 troy ounce (31.10g) Suggested Trade Value \$30
About 2 1/8 in. round, 1 3/4 x 2 1/2 in. rectangular

- **DO** assure your design can be rendered as a black and white drawing (no shades of gray or sculpted designs).
- **DO** allow space for titles, weight, etc.
- **DO** use empty space on the form for explanations, clarification, etc.
- **DO** submit any incomplete designs or just any ideas you have.
- **DO** submit as many designs as you'd like!
- **DO NOT** worry about producing a "final" design, we're looking for ideas here. A rough sketch is just fine.
- **DO NOT** use the word "dollar," the "\$" sign, or anything that would lead the average person to believe it is US currency.
- **DO NOT** use slogans, wording, or symbols found on or similar to government currency or logos.
- **DO NOT** use rude or obscene language or images.
- **DO NOT** use likenesses or profiles of any living or dead people.

All artwork submitted becomes the property of the Shire Silver group.
We reserve the right to change, alter, or combine designs.
